For item number, replace 'X' with 1 for 18" diameter sinks, and 2 for 15" diameter sinks.

NOTES: Thickness is 1" for fused glass sinks (Cienega), and 3/4" for single layer glass sinks (Prestige & Celestial). Above-Counter Sinks are round and do not have a flattened bottom. They should not be installed flush against a flat surface without using some type of support such as an Alchemy Donut Mounting Ring. Please see Sink Installation Instructions and Sink Care documents for important installation, care and maintenance information.
